NA3 Test Sheet FY99196000 For adjusting images and making checks. B Each group of five or so service persons is expected to carry one. C Each workshop is expected to keep one. Office Imaging Products Quality Assurance Center. CANON INC. Printed in Japan REVISION 0 JAN. 30809 57, Hakusan, 7chome, TorideCity, IbarakiPref., 3028501, Japan. Prepared by OFFICE IMAGING PRODUCTS TECHNICAL SUPPORT DEPARTMENT 1 OFFICE IMAGING PRODUCTS TECHNICAL SUPPORT DIVISION CANON INC. 51, Hakusan, 7chome, TorideCity, IbarakiPref., 3028501, Japan COPYRIGHT 1999 CANON INC. This Service Manual provides information needed to service the copier in the field. This Service Manual consists of the following chapters Chapter 1 Chapter 2 Chapter 3 General Description introduces the copiers features and specifications, shows how to operate the copier, and explains how copies are made. Basic Operation provides outlines of the copiers various mechanical workings. Exposure System discusses the principles of operation used for the copiers lens drive unit and scanner drive unit. Image Formation System discusses the principles of operation used for the copiers image processing units. Laser Exposure System discusses the principles of operation used for the copiers laser unit. Image Formation System discusses the principles of how images are formed. Side Paper Deck explains the principles of operation used from when paper is picked up to when copies are delivered. Fixing System explains the principles used to fuse toner images to transfer media in view of the functions of electrical and mechanical units and in relation to their timing of operation. Systems explains connections and specifications related to systems and shows how to disassemble and assemble them. Installation introduces requirements for the site of installation, and shows how the copier may be installed using stepbystep instructions.

Chapter 4 Chapter 5 Chapter 6 Chapter 7 Chapter 8 Chapter 9 Chapter 10 Chapter 11 Chapter 12 COPYRIGHT 1999 CANON INC. Appendix contains a general timing chart and general circuit diagrams. The descriptions in this Service Manual are subject to change without notice for product improvement or other purposes, and major changes will be communicated in the form of Service Information bulletins. All service persons are expected to have a good understanding of the contents of this Service Manual and all relevant Service Information bulletins, and be able to identify and isolate faults in the machine. In addition, 1. When expanding the fax functions, the secondary battery used to retain fax memory images will start to operate as soon as the main power switch is turned off. If it is on indicating the presence of images, be sure to print out the images before turning off the main power switch and disconnecting the power plug. 3. Turning off the control panel power switch will not remove power from some units. Communication memory lamp Control panel power switch COPY FAX OPTIONS Main power switch Main power lamp Cassette heater switch COPYRIGHT 1999 CANON INC. If, for example, you connect the paper deck to the cassette pedestal connector and turn on the paper, the fuse on the paper deck PCB will blow, at times requiring replacement with a new PCB. For the Feeder For the Paper deck For the Finisher For the Cassette Feeding Unit Figure. Rear View of the Body vi COPYRIGHT 1999 CANON INC. Super G3 drastically reduces sending time, not just per page but between pages and at the start and end of transmission to slash communications costs.

Outstanding fax quality at all times Send crisp, clear faxes with a 400 dpi resolution and receive perfect fax print outs at a high, interpolated 600 dpi resolution. Also, with new JBIG compression support, sending complex graphics or photographs is no longer a problem. Transmit high quality image data at high speeds to improve quality, while saving time and money. Canon technology also automatically ensures clearer transmission and reception for all text and images with sharp, jagged edges smoothed out. In any way cant Lastmanuals be held responsible if the document you are looking for is not available, incomplete, in a different language than yours, or if the model or language do not match the description. Lastmanuals, for instance, does not offer a translation service.
