personal, noncommercial use and at your own risks. The reason is because there are a lot of copier models that you can find at the market. Even though, finding one as good as Canon imageRUNNER 2800 is another different thing. It is because this copier from Canon is considered as the professional copy machine that can help you with all of your copying needs at the office. As a matter of fact, you can even use this copy machine to be your main machine to start a small copying business. It is because there are so many nice things that you can get from this copy machine. Here are some of them. There are not many people who realized that a machine has its own limit. The same thing is applied to the copy machine. There are so many copy machines that offer you the maximum duty cycle of 50,000 pages in a month. That means you can copy up to 1,600 pages of documents every single day. If you think the number is quite small, then you will need to check the maximum duty cycle of this printer that reaches 100,000 pages in a month. There is no worry even if you have to copy up to 3,000 pages every single day.

Besides its large printing capability, Canon imageRUNNER 2800 also offers you the large paper capacity. As a matter of fact, you can call it as something giant. It is because this machine gives you some additional slots where you can add the extra parts for this copy machine. If you use all of those slots, then you can get the maximum number of 4,550 sheets of paper ready to use. You can be sure that you will not need to insert more paper as soon as the other copy machines are. The last but not least is the superb copying output. For your information, there are a lot of copy machines that cannot handle copying gradation. It is because the technology is not that good. Fortunately, this copy machine from Canon is one of the most advanced ones that you can get. As the result, you can get the nice gradation based on the real source that you copy using this Canon imageRUNNER 2800. There is nothing that you need to worry about its quality. The active status of each link is guaranteed. Make sure that the driver and software for Canon iR 2800 you download is compatible with your device. You may download and use the Content solely for your personal, noncommercial use and at your own risks. By parts code you can check what other devices it is used. You can print your Parts List or export to Excel to further work with it. We only help you to create your parts list for request from your suppliers. Add your headers and comments.
